

I am writing as a regular and frequent listener of KLOVE, 96.9 in Dayton Ohio. Our family listens to KLove at home and in our car. I have seven children and they range in age from 12 to one. It could be a challenge to please all of them with music but if we have on KLOVE they are all happy. The news, music and talking is all very clean and without questionable material. The messages are all very pertinent and uplifting. I can be assured that nothing offensive to me or my children will ever come over the airwaves while listening to KLOVE. It is a rare and wonderful thing to be so sure of that in an age when so much of the media is aimed at shock value and demeaning family values.

If we had no KLOVE we would be forced into listening to other less suitable and often offensive radio shows. I have many friends that listen to KLOVE as well. It is vital to our community to have an option that is uplifting and promotes family values. No one is ever made fun of or belittled on KLOVE. Certainly something as positive as KLOVE deserves continued recognition and support. Very few radio broadcasts that I am aware of can boast such an interest to all age groups, ethnic groups, and across socio-economic boundaries. Please help insure that such positive radio programming will continue. Thank you for your time.
